

Grow your own food

Photograph of Peter Kearney, compliments of Weekend Courier Mail

Are you seeking a **more productive vegetable/herb garden and orchard** or to **start your food garden**? Perhaps you've already had a food garden, investing time and money into it and did not get the results you hoped for! Our range of **personalised services** will **give you confidence**, knowledge and practical assistance to grow your own bounteous organic food garden:

- 🌱 Appraisal/advice on your potential & existing food growing spaces - \$85;
- 🌱 Soil fertility, planting & garden management plan for you to implement;
- 🌱 Design and construction of beautiful food garden beds;
- 🌱 Food gardening **coaching at your place, including my physical help.**
Educational content and number of sessions are tailored to your needs;
- 🌱 Group educational courses - organic & biodynamic gardening;
- 🌱 Ongoing support via our web site yearly Gardener subscription - \$49

Food gardening planning, design and educational services are provided by Peter Kearney, experienced organic and biodynamic gardener, educator & gardening adviser. Phone Peter on 0401156532, email peter@cityfoodgrowers.com.au
